# Kali Yuga quote

From Robert Lawlor book: "Voices of the First Day". Pg.76

"The Vishnu *Pranas*, a mythological text of the Hindu's, described it this way:

"Kali brought sin into the world. In the Kali Age the proper order of human relations is reversed; social status depends upon the ownership of property; wealth has become the only source of virtue; passion and luxury are the sole bonds between spouses; falsity and lying are the conditions of success in life; sexuality is the sole source of human enjoyment; religion, a superficial and empty ritual, is confused with spirituality"

# Hopi Prophecy

Shared here is a short outtake from the Hopi prophetic material:

*“Those who return to the ways given to us in the original teachings and live a natural way of life will not be touched by the coming of the Purifier.*

*They will survive and build a new world.*

*Only in the ancient teachings will they have the ability to understand*

*the messages to be found. It is important to understand these messages will be found upon every living thing, even within our bodies, even within a drop of blood.*

*Many will appear to have lost their souls in the final days.*

*So intense will be the nature of these changes that those who are weak*

*in spirit will go insane, for we are nothing without spirit.*

*Only those who return to the values of the old ways will be able to find peace of mind. For in the Earth they will find relief from the madness that will be around us. Many people of this time will be empty in spirit for they will have no Sampacu, no life force in their eyes.”*
