The Medicine Wheel with the Cross made by the Four Angles

Esoteric Christianity
regarding the
Journey of Spirit into Matter

**We are
"Crucified into Life coming onto our Cross"**

With these 4 projects

Who am I

What do I

Who am I with

Where do I do it from

The Two Axes

Vertical Axis is the Hierarchical Relationships:
parent child employee

Horizontal Axis is Equal Collaborative
Relationships:

First house and Seventh house

mates, husbands wives, friends, colleagues

What is the IC???

It is not only
the home environment

It is also
*the **Identity** you construct in the world*
*that is your **foundation or security***

*Most people think of the IC as
the External Environment; home, community*

This is not an issue of going
beyond the Ego

This is apart of being Crucified into Life

So the *deeper inner meaning* of
the IC is

if everything is striped away **Externally,**
where is your **Security?**

The **IC** is where your sense of inner foundation and security will operate from

The deeper nature of the IC is always there regardless of the Mystery School

The Leo approach will be different than the Libra approach

Examples of the IC ground of security

If the
IC is Aquarius
the ground of security is
**Pure
Consciousness**
the Chit
the Universal
Consciousness

If the
IC is Scorpio
the ground of security is
**where you live
must be
a turn-on**
**You are connected
to the
Shakti-kundalini**

The Sign of the **Mc** is the Mystery School
through which **Right Livelihood** is to operate

MC
in Taurus
indicates

What you do,
must feel
good in the body

MC
in Scorpio
is about

Passion,
Aliveness and
deep Inner Roots
