

## Feb 2005 Celestial Timings Introduction

By Carolyn Brent

### Excerpts from Return Of The Bird Tribes by Ken Carey

...the better part of the Bird Tribes have not been incarnate in human form during historical times, though always we were there in nature and in the spirit worlds around you. Some twenty-five centuries ago most of us departed, to wait for the return of your intelligence and the slow turning of the sacred cycles that would favor your awakening. We are returning now, appearing like the first stars at the predawn clearing of a storm. Into your consciousness we come, appearing subtly at first, a whisper among your dreams. But steadily our presence grows, soon to shine as distinctly as the sun of morning. We come now with a message that will prove vital to you in these last years of history's night. We call to you, human ones, beings of light. Rise up from your tradition-bound past and become our creative partners in the continuing unfoldment of wonder....

We are the Bird Tribes. And we are returning. We are here to teach you how to fly....

White Buffalo Calf Woman speaks...

"My tribe is the Fire Bird...I am one of the Bird People, whose tribe once covered this Island of the Turtle.

Do you remember the Winged Ones of heaven?

The Fire Birds? The Thunder Tribes?

How long has it been since you called to us in your councils?...

Your people have forgotten...that which is more precious than water.

You have forgotten your connection with Great Spirit.

I have come...with a fire from heaven to kindle again your memory of what has been and to strengthen you for the times to come.

The above quotes found me within two days of one of those "was that really a dream?" type dreams where I was specifically told I had returned to live with the Bird People. This happened in the early morning hours of the Taurus New Moon rare alignment with Mercury, Venus, Mars, Jupiter and Saturn on May 4, 2000. I didn't know this book existed until two days later. There are many more synchronistic and magical pieces to this story weaving together people places and events including the White Buffalo and prophecies concerning their return and how that is linked to the Return of the Bird Tribes. <http://www.sacredwhitebuffalo.org/index.html> In true Neptunian style (Neptune and Sun conjunct on Feb 3 at 15 Aquarius) I am not exactly sure why I am sharing these quotes at this time. This is great practice in leaving the reasons and logic up to the unfolding Great Mystery encouraging us to listen to our inner guidance regardless of what is going on in our external world especially when it doesn't make rational sense.

White Buffalo Calf Woman reminds us "*Creation does not take place where there is a scattering and dissipation of energies. Creation requires a gathering together and focusing of your power within a circle of commitment – like a seed, an egg, a womb or a marriage. If you would create and not destroy, you must remember always the Sacred Hoop. Consider wisely the ways in which you would use your power and then around those ways draw the sacred circle of commitment. In the warm atmosphere of that circle, the power of love builds and builds like a storm*

*above the wet summer prairie until suddenly the circle can hold no more and explodes in the conception of the new."*

### February Sky

**Jupiter** (19 Libra) stations Retrograde Feb 1 rising 5 and ½ hours after Sun near the fixed star Spica in the Hand of the Virgin Priestess. Moon passes by on Feb 26 – 27 visible together from late evening until Sunrise.

**Neptune** (15 Aquarius) conjuncts the Sun Feb 3

**Pluto** (24 Sag) conjuncts the Moon near Ras Alhague on Feb 4 (See Jan 1, 2005 Timings)

**Mars** (29 Sag) conjuncts the Moon near Galactic Center on Feb 5 passing through the constellation of the Archer the rest of this month. Mars enters the sign of Capricorn Feb 6. (See Article on Difference between Signs and Constellations)

**Venus** conjuncts the Moon (7 Aquarius) on Feb 7. Moon and Venus maybe visible before Sun rise with a low eastern horizon line. Venus disappears from the morning stage mid-February remaining invisible with the Sun until early May.

**Saturn** begins the month retrograde at 22 degrees and 24 minutes of Cancer and ends the month at 20 degrees and 49 minutes of Cancer preparing to station direct on March 21 currently traveling through the constellation of the Twins. Saturn and Moon conjunct on Feb 20.

**Uranus** (7 Pisces) conjuncts the Sun on Feb 24

I am delighted, thrilled and most grateful for Rosalind Shorter and her willingness to help me with the Celestial

Timings this month. She is also bringing her love of the Dreamspell Calendar to this month's timings. The task of writing the Celestial Timings is huge and daunting especially for beginners. Please welcome Rosalind and her beautiful offering of these mysteries.

## February 2005 Celestial Timings

by Rosalind Shorter

Early in February Orion will be at its highest point in the southern sky. Orion is a hourglass shaped constellation. You will be able to see in the southern sky after 6pm. Look for his belt first, three equally bright stars in a straight line that slants from the lower left to the upper right. Above his belt are two stars that make up his shoulders. The brighter one to the left is the reddish-orange Betelgeuse and the other is Bellatrix. Saiph and Rigel are below his belt. Rigel, the brighter of the two is blue-white in color. Sirius, our brightest fixed is stationed to Orion's lower left and joins with Betelgeuse and Procyon forming the Winter Triangle. In the northeastern sky, the handle of the Big Dipper is pointing downward as if balancing on it.

The Last Quarter on February 2<sup>nd</sup> is at 2:27 am EST. Just before dawn on February 4<sup>th</sup>, look for Antares to the Moon's upper right and for Mars to the Moon's lower left. The Aquarius New Moon is on February 8<sup>th</sup> at 5:28 pm EST. The waxing Moon is near the Pleiades on February 15<sup>th</sup> in its First Quarter phase. The Moon joins Saturn, Pollux and Castor on February 19<sup>th</sup> and 20<sup>th</sup>. February 23 is the Virgo Full Moon also known as the Snow Moon at 11:54 pm EST. On February 26<sup>th</sup> look for the Moon and Jupiter together in the eastern sky around 10 pm EST and the Moon occults Jupiter (or covers and uncovers it) in the early morning hours of Feb 27.

Daily meditations/affirmations from the Dreamspell Calendar are included in this month's timings. The affirmations assist in tuning into the galactic energy signature of the day. This provides additional connection to the rhythm of galactic natural time that differs from the time scheme of the Gregorian calendar which de-emphasizes the natural cycles of the Moon and other planets as well as Solstices and Equinoxes. The Dreamspell Calendar is based on Jose Argüelles' research of the Mayan Calendar. The Dreamspell Calendar consists of 13 months or moons of 28 days each. February begins during the last six days of the seventh moon of the Dreamspell Calendar. The seventh moon of the Dreamspell Calendar is the Resonant Moon of Attunement. A question worth meditating on during this period is "How can I attune my service to others?" The totem animal for the Resonant Moon is Monkey. You may want to take the first six days of February to reflect on how to adapt and evolve as our monkey ancestors did. Listen to Spirit and let it guide and inspire you to reach your greatest potential and true destiny.

**Tuesday, February 1<sup>st</sup>.** The Moon moves into Scorpio at 1:51AM EST and squares Mercury in Aquarius. With the Scorpio Moon emotions will run intensely deep though are

controllable through the detached logic of Mercury in Aquarius.

Today's Galactic Energy is Red Resonant Monkey and the affirmation is:

*"I channel in order to purify*

*Inspiring flow*

*I seal the process of universal water*

*With the resonant tone of attunement*

*I am guided by the power of birth.*

*I am a galactic activation portal....enter me."*

**Wednesday, February 2<sup>nd</sup>.** Venus enters Aquarius at 10:42 am bringing a sense of freedom from physical and emotional issues and a need to focus on intellectual and spiritual matters. Meditating on Aquarian Venus can assist you in finding your spiritual center.

Two holidays share this date: Candlemas and Groundhog Day. Candlemas is the Feast Day of Bridget of Kildare, the Celtic goddess of fire, the hearth, smithy, fields, poetry and childbirth. On this day, Bridget would visit and bless homes. This is a cross-quarter day in the Celtic Calendar falling nearly halfway between the winter solstice and the spring equinox. The actual astrological cross-quarter is Feb 3 when the Sun reaches 15 degrees Aquarius. Traditionally, this day is said to mark the end of winter and the beginning of spring and is the precursor of the American celebration of Groundhog Day. (See 2/2/2004 Celestial Timings Archives)

*If Candlemas day be sunny and bright,*

*Winter will have another flight*

*If Candlemas day be shower and rain,*

*Winter be gone and will not come again.*

The seeds planted at the winter solstice are now beginning to manifest. It is a time for new beginnings and germination of promises made during the darkness of winter. Take this time to remember and renew the wishes, promises and goals made in the previous year.

Today's Galactic Energy is White Galactic Dog:

*"I harmonize in order to love*

*Modeling loyalty*

*I seal the process of heart*

*With the galactic tone of integrity.*

*I am guided by the power of timelessness."*

**Thursday, February 3<sup>rd</sup>** The Moon moves into Sagittarius at 7:21 am EST enhancing the current Resonant Moon energy of the Dreamspell Calendar. Sagittarius is the truth-seeker inspiring our search for personal truth and life purpose. In addition, the Sun is conjunct Neptune (15 Aquarius) indicating the universe may set up unexpected and uncontrollable circumstances helping to illuminating our search for our personal truth. Each planetary conjunction with the Sun illuminates inner unseen doorways into the mysteries of that planet. Neptune includes the mysteries associated with inspired intuition, compassion, and dreaming. This is a great time to pay attention to intuitive messages that support us in more fully living our life's purpose.

Today's Galactic Energy is Blue Solar Monkey:

*"I pulse in order to play*

*Realizing illusion*

*I seal the process of magic*

*With the solar tone of intention.*

*I am guided by the power of accomplishment."*

**Friday, February 4<sup>th</sup>** With the Moon in Sagittarius conjunct Pluto, the energies of the previous day continue with Pluto taking us to the depths of our emotional being furthering the search for personal truth.

Today's Galactic Energy is Yellow Planetary Human:

*"I perfect in order to influence*

*Producing wisdom*

*I seal the process of free will*

*With planetary tone of manifestation.*

*I am guided by the power of universal fire.*

*I am a galactic activation portal....enter me.*

**Saturday, February 5<sup>th</sup>** The Moon conjuncts Mars (29 Sag) at 8:08 am EST possibly energizing feelings of disconnection and disorientation if we are out of synch with our spiritual quest. Then the Moon moves into Capricorn transmitting the understanding of how to responsibly administer our personal domain. This is a good time to notice areas where we are taking too much responsibility as well as where we are not taking enough.

Today's Galactic Energy is Red Spectral Skywalker:

*"I dissolve in order to explore*

*Releasing wakefulness*

*I seal the output of space*

*With the spectral tone of liberation.*

*I am guided by my own power doubled.*

**Sunday, February 6<sup>th</sup>** Mars enters Capricorn at 1:32 pm EST energizing the elder statesman who focuses on knowing and using the rules of life to manage responsibly within the global community. Take this time to tune into your inner "Elder" and allow him/her to help guide you.

Today's Galactic Energy is White Crystal Wizard:

*"I dedicate in order to enchant*

*Universalizing receptivity*

*I seal the output of timelessness*

*With the crystal tone of cooperation.*

*I am guided by the power of birth.*

**Monday February 7<sup>th</sup> – Monday February 28<sup>th</sup>**

The rest of the month of February falls in the eighth month of the Dreamspell Calendar, the Galactic Moon of Integrity. The question to meditate on is "Do I live what I believe?" We can use the power of harmonizing with our true self taking action that models integrity. The totem animal for this moon is the Hawk. According to Ted Andrews' Animal-Wise Tarot, "Hawk's appearance always heralds a time of greater strength and vision, which will help us tremendously in our present endeavors. We will have protection in our journeys and endeavors. Now is the time to gallantly move forward with them."

**Monday, February 7<sup>th</sup>** The Moon moves into Aquarius at 9:26 am EST and conjuncts Venus at 8:06 pm EST. Just before Sunrise today the Moon appears near Venus very low on the eastern horizon. This is marking the final passage of Venus through all the gates into the underworld. Venus will disappear from the morning sky about Feb 19 symbolizing her journey through the underworld until she rises as an evening star in early May. Today the old goddess (Moon) and the new goddess (Venus) are gathered in council. Their collective energies support us in attuning to cosmic consciousness. Now is the time to detach from the physical and emotional issues currently at work in our lives and use pure spiritual detachment in our quest for living with integrity.

Today's Galactic Energy is Blue Cosmic Eagle:

*"I endure in order to create*

*Transcending mind*

*I seal the output of vision*

*With the cosmic tone of presence.*

*I am guided by the power of self-generation."*

**Tuesday, February 8<sup>th</sup>** Today is the Aquarius New Moon (20 Aquarius) at 5:28 pm EST. Traditionally, the New Moon is a time to plant new seeds that will symbolically come to fruition at a future Full Moon. The Aquarius New Moon is a time for planting revolutionary seeds of change that support beneficial evolutionary growth. This New Moon is conjunct Neptune in Aquarius (15Aquarius). It is time to sow seeds that allow us to tune in on a transcendental level to the original dreams and goals of our lives....are you living what you believe? Today is Fat Tuesday and the end of the Mardi Gras season. Party tonight for tomorrow begins the Lenten season of 40 days of physical, mental, emotional and spiritual fasting and detoxification.

Today's Galactic Energy is Yellow Magnetic Warrior:

*"I unify in order to question*

*Attracting fearlessness*

*I seal the output of intelligence*

*With the magnetic tone of purpose.*

*I am guided by my own power doubled."*

**Wednesday, February 9<sup>th</sup>** The Chinese New Year of the Wood Rooster officially starts today. The following poem describes Rooster Energies.....

**I am on hand**

**To herald in the day,**

**And to announce its exit.**

**I thrive by clockwork and precision.**

**In my unending quest for perfection**

**All things will be restored to their rightful place.**

**I am the exacting taskmaster.**

**The ever-watchful administrator.**

**I seek perfect order in my world.**

**I represent unflinching dedication.**

**I am the Rooster.**

The Moon enters Pisces at 8:59 am EST bringing in the energy of universal selfless service. It is Ash Wednesday and the beginning of the Lenten season. As we begin the

period of Lent, let us think about how our personal sacrifices can contribute to universal goodness. It has been 46 days since the tsunamis hit Indonesia, Thailand, India and Somalia...have you contributed to the relief efforts in some way? Let the Piscean Moon speak to you about how you can help relieve some of the suffering that exists on Earth. Tune in and allow yourself to be a part of a collective consciousness that is Peace on Earth.

Today's Galactic Energy is Red Lunar Earth:  
*"I polarize in order to evolve  
Stabilizing synchronicity  
I seal the matrix of navigation  
With the lunar tone of challenge.  
I am guided by the power of universal water.  
I am a galactic activation portal....enter me.*

**Thursday, February 10<sup>th</sup>** The Moon remains in Pisces and continues to bring with it the energy of transcendental universal service. Tune into the energy of the Bodhisattva who is fully enlightened and decided to remain on Earth to be of selfless service to humanity.

Today's Galactic Energy is White Electric Mirror:  
*"I activate in order to reflect  
Bonding order  
I seal the matrix of endlessness  
With the electric tone of service.  
I am guided by the power of spirit."*

**Friday, February 11<sup>th</sup>** The Moon enters Aries at 10:21 am EST squaring Mars in Capricorn at 4:32pm EST. Aries Moon has an impetuous spirit often leaping into action without thought. However, Capricorn Mars helps settle impetuous Aries by adding some reasoned thought to the mix.

Today's Galactic Energy is Blue Self-Existing Storm:  
*"I define in order to catalyze  
Measuring energy  
I seal the matrix of self-generation  
With the self-existing tone of form.  
I am guided by the power of vision."*

**Saturday, February 12<sup>th</sup>** Sun (24 Aquarius) sextiles Pluto (24 Sagittarius) exact at 10:28 am EST. The Sun Pluto conjunction on December 13, 04 (22 Sagittarius) initiated the annual dance of Pluto with the Sun illuminating our personal and collective experience around the experience of authentic divine power. Pluto sextile the Sun now is further activating revolutionary growth when we are willing to release outmoded beliefs, truths and misconceptions still lingering in our awareness. This supports an ever growing more authentic experience of our original core self. Any lingering shadow issues such as fears, judgments, and forgotten or denied skills and abilities we carry are likely to surface now for further awareness and transformation.

Today's Galactic Energy is Yellow Overtone Sun:  
*"I empower in order to enlighten  
Commanding life  
I seal the matrix of universal fire*

*With the overtone tone of radiance  
I am guided by the power of elegance"*

**Sunday, February 13<sup>th</sup>** The Moon is void of course until it enters Taurus at 3:18 pm EST. Taurus is earthy and sensual. Take this time to revel in and enjoy the pleasures of receiving intimacy. Know that you are truly beautiful without reservation and deserve to be honored in way that is befitting that status. Settle for nothing less than to be truly and completely honored and loved. In July 2002, during a group meditation to heal Mother Earth I received a following message from the "Ancient One", the original goddess, Gaia, Mother Earth impressing upon me her urgent need for healing. Ultimately we cannot be whole unless she is whole and she cannot be whole unless and until we are whole.

*"Mother Earth is unsettled and unbalanced. To return to a harmonious state an equal balance of power between men and women is necessary. Women are the source and nurturers of life. It is time for women to own and accept their power rejecting the labels of beauty and limiting feminine roles determined by our male dominated culture. It is also true there are also labels and roles that have limited men in their authentic experience of themselves as well. It is time both men and women see themselves as the truly beautiful and divine people that we are. As both men and women heal and accept themselves more fully, Mother Earth will heal herself and return to a place of harmony and peace."*

The galactic energy for today is Red Rhythmic Dragon:  
*"I organize in order to nurture  
Balancing being  
I seal the input of birth  
With the rhythmic tone of equality  
I am guided by my own power doubled"  
Birth and rebirth is the essence of the day!!!*

**Monday, February 14<sup>th</sup>** The Moon remains in Taurus and squares Venus in Aquarius. The challenge between the old goddess (Moon) and the new goddess (Venus) is one of deep sensuality versus cool aloofness. This St. Valentine's Day is an auspicious day for finding greater balance between sensual intimacy and self-reliant independence. Maybe the goddess of intimacy (Taurus) can teach the independent goddess about the joy of sensual intimate connection while the Aquarian Goddess can teach the Taurus Goddess about the benefits of being truly independent and free enough to receive from each other without attachment, reservation or hesitation. For the giver receives as much from the giving when the receiver genuinely receives with gratitude.

Today's Galactic Energy is White Resonant Wind:  
*"I channel in order to communicate  
Inspiring breath  
I seal the input of spirit  
With the resonant tone of attunement  
I am guided by the power of timelessness."*

**Tuesday, February 15<sup>th</sup>** The First Quarter Moon in Taurus is directly overhead at Sunset near the Pleiades. This means the Moon in Taurus is forming an exact

square to the Sun (27 Aquarius) at 7:16 PM EST illuminating and energizing the struggle between earthy sensuality and coolness. The accelerating energy of this half Full Moon is also receiving and transmitting from the Pleiades star gate where magnified messages are available if we are tuned in...

Today's Galactic Energy is Blue Galactic Night:

*"I harmonize in order to dream*

*Modeling intuition*

*I seal the input of abundance*

*With the galactic tone of integrity*

*I am guided by the power of accomplishment*

*I am a galactic activation portal...enter me."*

**Wednesday, February 16<sup>th</sup>** The Moon enters Gemini at 12:18 AM EST. Gemini is footloose, fancy-free, creative energy. Take these next two days to reconnect with your inner muse, with spirit and with humor and freedom. Mercury enters Pisces at 12:46 PM EST enhancing our ability to connect with our inner muse through being fully present in the moment and connected to our deepest, most empathic and compassionate feelings.

Today's Galactic Energy is Yellow Solar Seed:

*"I pulse in order to target*

*Realizing awareness*

*I seal the input of flowering*

*With the solar tone of intention*

*I am guided by the power of universal fire."*

**Thursday, February 17<sup>th</sup>** Venus (18 Aquarius) Trines Jupiter (18 Libra) having moved 120 degrees apart since their beautiful conjunction in the morning sky last November. Venus now traveling with the Sun is not visible and Jupiter remains a prominent feature of the morning sky. This timing supports inner reflection and expanding vision on what was seeded with Venus and Jupiter in November particularly in the area of conscious equal partnership with all our parts and with each other.

Today's Galactic Energy is Red Planetary Serpent:

*"I perfect in order to survive*

*Producing instinct*

*I seal the store of life force*

*With the planetary tone of manifestation*

*I am guided by the power of space."*

**Friday, February 18<sup>th</sup>**

The Sun enters Pisces at 8:32 AM EST illuminating and energizing universal love and selfless service to others. The Moon enters Cancer at 12:13 PM EST and remains there until early on February 20<sup>th</sup>. Cancer involves loving and nurturing progeny with an eye to future generations. With Sun in Pisces and Moon in Cancer this is a time for refining our attunement to selfless service in nurturing all Earth's progeny providing a foundation of greater love and acceptance for future generations.

The galactic energy for February 18<sup>th</sup> is White Spectral World-Bridger and the affirmation is:

*"I dissolve in order to equalize*

*Releasing opportunity*

*I seal the store of death*

*With the spectral tone of liberation*

*I am guided by my own power doubled...death."*

**Saturday Feb 19.** Mercury conjunct Uranus (6 Pisces) is an indicator for unusually high intense mental processes providing potential for breakthroughs in limiting thought patterns. This is an excellent time to expand ordinary modes of thinking by considering radical and unusual viewpoints, further opening our minds to new possibilities. Uranus often brings change in sudden and unexpected ways, shifting the old assemblage point allowing for new perspectives, insights and understanding. Resistance results in slowing, or getting stuck in, the breakdown which then delays the break through. It helps to go with the flow and note the messages of change that are innovative, brilliant, cutting edge, and liberating.

The galactic energy for today is Blue Crystal Hand:

*"I dedicate in order to know*

*Universalizing healing*

*I seal the store of accomplishment*

*With the crystal tone of cooperation*

*I am guided by the power of self-generation."*

**Sunday, Feb 20.** The waxing Moon conjuncts retrograde Saturn (21 Cancer) early this morning. Tonight after sunset the Moon will be well past Saturn visible above the near Castor and Pollux on the rim of the Sacred Hoop. Saturn is rapidly slowing for its direct station on Mar 21. Together Moon and Saturn further illuminate the possibility of a world structured in cooperation and caring for one another, where everyone feels safe and their needs are met. Globally beneficial changes are established and maintained in the collective field of awareness when we reach critical mass as described by the 100<sup>th</sup> monkey effect. This current Saturn transit indicates we have the necessary support for the establishment of a new form, new matrix, or collective system of operation based in cooperation and love when enough people are practicing forgiveness and consciously choosing this reality.

The galactic energy for today is Yellow Cosmic Star:

*"I endure in order to beautify*

*Transcending art*

*I seal the store of elegance*

*With the cosmic tone of presence*

*I am guided by the power of free will."*

**Monday, February 21<sup>st</sup>** The Moon enters Leo at 12:54 AM EST. Leo energizes feelings of self-love and self-confidence. Now is the time to empower yourself so you can empower others by showing how to love yourself fully and radically. Venus (24 Aquarius) sextiles Pluto (24 Sagittarius) assisting in digging deeply into our deepest fears about being truly and completely independent and free. Use these energies to empower yourself by loving yourself as you are and being okay with being independent of another.

The galactic energy for Today is Red Magnetic Moon:

*"I unify in order to purify*

*Attracting flow  
I seal the process of universal water  
With the magnetic tone of purpose  
I am guided by my own power doubled...universal water."*

**Tuesday, February 22<sup>nd</sup>** Transformational messenger Mercury (11 Pisces) is sextiling accomplishment oriented Mars (11 Capricorn) teaming up for intuitively inspired, decisive, practical, productive action.

The galactic energy for today is White Lunar Dog:  
*"I polarize in order to love  
Stabilizing loyalty  
I seal the process of heart  
With the lunar tone of challenge  
I am guided by the power of spirit."*

**Wednesday, February 23<sup>rd</sup>** The Moon enters the Full Moon phase at 11:54 PM EST. The seeds planted at the New Moon can now be brought to fruition. The Moon enters Virgo at 12:44 PM EST activating the need to find our sacred work and attune ourselves to our sacred life purpose. The Moon in opposition to the Sun (5 Pisces) allows us to see our sacred work as the path of selfless service to humanity.

The galactic energy for today is Blue Electric Monkey:  
*"I activate in order to play  
Bonding illusion  
I seal the process of magic  
With the electric tone of service  
I am guided by the power of vision.  
I am a galactic activation portal...enter me."*

**Thursday, February 24<sup>th</sup>** Sun conjunct Uranus (7 Pisces) Pisces operates in the realm of visionary imagination where we have the power to dream our dreams into reality from the place of great compassion without attachment to outcome allowing whatever needs to be a safe, accepting space. Uranus is a change agent, a catalyst intended to maximize evolution of consciousness. Uranus is "revolution for evolution" "break down to break through" and "whatever it takes" to shift assemblage points. The Sun Uranus energy is seeking innovative, creative and unusual ways to wake us up to true compassion and acceptance. It is wise to expect the unexpected, roll with the flow and trust whatever is unfolding is aligned with the divine plan.

The galactic energy today is Yellow Self-Existing Human:  
*"I define in order to influence  
Measuring wisdom  
I seal the process of free will  
With the self-existing tone of form  
I am guided by the power of elegance."*

**Friday, February 25<sup>th</sup>** The Moon remains in Virgo until it goes void of course at 12:00 PM EST suggesting this is a great day to leave work early and allow time for creative pursuits outside the realm of ordinary reality. Moon enters Libra at 10:59 PM EST and remains until February 27<sup>th</sup> at 8:49 PM EST. Libra Moon brings the desire for conscious equal partnership. Learn the lessons necessary to achieve

mastery in relationship. Are you in an equal partnership? Where are the imbalances in your relationships?

The galactic energy today is Red Overtone Skywalker:  
*"I empower in order to explore  
Commanding wakefulness  
I seal the output of space  
With the overtone tone of radiance  
I am guided by the power of birth."*

**Saturday, Feb 26** Venus moves into Pisces where it remains until Mar 22. The magical feminine (Venus) now integrating the Heyokah Coyote Woman in her larger collective cycle that began Jun 15, 2004, finds herself operating in the Pisces imaginal realms where she is learning more about co-creating her world through playful imagination that goes beyond logic and reason.

The galactic energy for today is White Rhythmic Wizard:  
*"I organize in order to enchant  
Balancing receptivity  
I seal the output of timelessness  
With the rhythmic tone of equality  
I am guided by my own power doubled...timelessness."*

**Sunday, February 27<sup>th</sup>** Moon Occults Jupiter (18 Libra) visible in Southern Australia part of Antarctica. Occultations accelerate energy similar to an eclipse. This acceleration provides an opportunity to uncover hidden beliefs around relating to our life, to others and to our world. What holds us back from healthy conscious relating in ways that are uplifting and supportive to all concerned?

The galactic energy for today is Blue Resonant Eagle:  
*"I channel in order to create  
Inspiring mind  
I seal the output of vision  
With the resonant tone of attunement  
I am guided by the power of accomplishment."*

**Monday, February 28<sup>th</sup>** The Moon enters Scorpio at 7:21 AM EST. Scorpio operates in the intense feeling realms while also learning lessons necessary to manage and express those intense feelings in healthy ways. This timing supports further mastery of our emotions by bringing our will into alignment with God's will or divine will. Another expression of Scorpio is the Shamaness/Witch, creatrix and holder of life force energy. This is one of the original expressions of *women's mysteries*. Tapping into these mysteries in a healthy way allows us to fully manifest the power and strength of spirit in matter. Connecting with your inner "Witch" or "wise woman" teaches you how to feel the fullness of your life force and manifest your desires into reality. The Scorpio Moon trines Venus (3 Pisces) at 12:08 PM EST. Scorpio is traditionally associated with the "Dark" goddesses, Kali, Hecate, and Pele. Allow the passionate goddess (Venus) to join with the potency of the "Dark" goddess for the purpose of using powerful life force energy in manifesting universal love for humanity.

The galactic energy for today is Yellow Galactic Warrior:  
*"I harmonize in order to question"*

*Modeling fearlessness  
I seal the output of intelligence  
With the galactic tone of integrity  
I am guided by the power of universal fire."*

**Additional Disclaimer...** Based on recent experiences I am reminded of the importance to follow our own guidance about anything you read or hear about as well as recommendations you receive from others. Recently I have had received recommendations from trusted friends that although were especially supportive and helpful to them didn't work for me. Likewise I have made recommendations that worked for me that didn't work for others in the way they expected. It is interesting to note we all received insight into our own process but not necessarily in the way we expected. This is a great reminder to release expectations and outcomes while also honoring the uniqueness of our own path, trusting our personal guidance, and allowing divine grace to illuminate our experience.
