Daniel Giamario is a nationally known, published astrologer of 36 years. He teaches from a unique synthesis of the psychological, mythological and spiritual to support discovery of your life's purpose. Daniel is the director of the Shamanic Astrology Mystery School and founder of the Harbingers of the Turning of the Ages.

We invite you to a powerful restorative retreat on the Oregon Coast. Come and experience the transformative power of the Shamanic Breathwork Process enhanced by the wisdom of the Shamanic Astrology. It will be a time of identifying, creating and actualizing, "what is your life purpose?" We will find the ways of healing ourselves, how we live our lives and our relationships, through clarification and creation of our Sacred Purpose. When we can fully embody what we are seeking, our life can be filled with possibilities and excitement about who we are and how we walk in the world.

In this workshop we will explore:

- The importance of finding your true purpose and life mission.
- How to intuitively align with the original intent of your life.
- Clear away the blocks that obscure life purpose.
- Learn how to discern between true personal guidance from familial and cultural dictates.
- Create the life you want to live !

Using Breathwork, sacred space, chakra-tuned music, focused bodywork and Inquiry, the inner shaman/healer is awakened. Shamanic Astrology gives a valuable perspective of the deep synchronicity between the patterns in our lives and the patterns in the stars.
