

Uniting the Masculine and Feminine

▶ A Shamanic Astrology Weekend Gathering ▶

With Tom Lescher and Matt Sweigart

July 24th and 25th

Come join us for a beautiful weekend of looking at ourselves, the stars, and nature near Lake Tahoe. The focus of this gathering will be the interplay of the masculine and feminine, the eternal dance that weaves through us and our relationships and is clearly observed in our natal birthchart. We will gather at the Domes of Mount Rose, share the meanings of the twelve tribes, our own past lineage, our individual Gods and Goddesses, and our future life path as seen in our charts. **The process will be one of opening up to that which has not been seen or heard within ourselves and acknowledging our full masculine/feminine dual nature.** Once seen and acknowledged, we will honor our total being and purge our limited past expression in an Alchemical Transformational Lodge experience.

This will be an exceptional weekend of coming to peace with ourselves, our relationships, our lives, and our potential. Shamanic astrology upholds the axiom that the world is a mirror of our soul and that life reflects our inner state of being. As you know yourself and change within, your life will change - *not vice-versa!* You can't make the mirror smile back until you yourself smile at the mirror! You cannot have "the perfect relationship" without inwardly harmonizing your own masculine/feminine nature. And you can't help projecting your shadow aspect in relationship until you delve within and come to terms with your own deepest needs and desires (most often suppressed). **This weekend will guide you in looking into your soul through the lense of astrology and returning to your life renewed, relaxed, and strengthened.**

Tom Lescher has been looking through the lense of astrology for over 25 years and enjoys bringing the stars to earth. He'll discuss the interpretation of the Moon, Venus and Mars positions in your birthchart, how they work together and contribute to your future life path. After discussion, drumming, chanting, and group toning there will be time for a dip in the year round creek, a hike through the beautiful mountains, or a restful nap/meditation in one of the geodesic domes where the workshop will be held. Nightfall will bring on the stars and we'll explore the cycles of time as they've been noted for thousands of years in the sky right before our eyes. We will wake up prepared to look at our future paths together while preparing for the highpoint of the weekend - the lodge. The fire/heat of the lodge will burn off our old outworn self and send us home with a new vision for our lives!

Matt Sweigart is the author of *Touching Ki* and founder of Zen Gate Chiatsu Institute for Natural Healing. He brings 20 years experience in the healing arts with special emphasis on Asian Medicine and Native American spiritual healing wisdom. He will lead the Alchemical Transformation Lodge experience having just completed the building of this lodge recently. To learn more about Matt and his work please visit www.zengatechiatsu.com.

While no previous knowledge of astrology is necessary to gain a deeper understanding of your self and your life this weekend, it will be immensely helpful to have your Shamanic astrological birthchart with you. If you don't have one, email Tom your time, date, and place of birth and he will bring one for you. Please visit Tom's website www.tom.shamanicastrology.com for further information on his work. To register and receive directions you can email him at Tom@shamanicastrology.com.

The **Domes of Mount Rose** are two beautiful geodesic domes nestled in the sagebrush 20 minutes from Reno. On a brilliant year round stream thick with willow and adjacent to acres of public land, there are spectacular views of Mount Rose. Sleeping accommodations are dormitory style with some rooms with 2 or 3 beds, bed rolls in the great room by the fire place, or ample room for camping. There is a full kitchen for preparing meals open to all participants. Staying overnight the Friday before and/or the Sunday after the retreat can be

arranged.

The cost of the workshop is \$100 plus \$50/night for staying in the domes or \$25/night for camping. *We look forward to seeing you!*
